The first two weeks of school have been very successful. Starting the school year off in a hybrid schedule gave everyone extra time to adjust to the new safety protocols and everyone has been complying with the safety measures that have been put in place. A big thanks to all the staff, students, and parents.

As stated in the August 21st district communication, we believe that it is imperative that students get as much in lab/class, hands on experience, and face-to-face instruction that they can get in their CTE programs and academic classes. We have learned a lot through these first couple of weeks and feel we can accomplish having students on campus 4 days a week in just about all of our programs while still maintaining a safe environment and meeting the health and safety requirements that are recommended by the state. We will have a couple of programs on each campus that will remain on a hybrid schedule due to enrollment/lab size.

To give everyone time to make any scheduling adjustments that may be needed, we will continue on the hybrid schedule next week. Beginning Monday, September 14th, all students will be on campus 4 days a week (Monday, Tuesday, Thursday, Friday) for lab/academic instruction unless otherwise noted below.

The schedule for next week will be as follows:

- 9/7 Labor Day School Closed
- 9/8 Group 1 on campus, Group 2 distance learning
- 9/9 Groups 1 & 2 distance learning
- 9/10 Group 2 on campus, Group 1 distance learning
- 9/11 Group 2 on campus, Group 1 distance learning

Beginning 9/14 the schedule will be as follows:

- Monday's Groups 1 & 2 on campus
- Tuesday's Groups 1 & 2 on campus
- Wednesday's Groups 1 & 2 distance learning
- Thursday's Groups 1 & 2 on campus
- Friday's Groups 1 & 2 on campus

Beginning 9/14 the following programs will remain on a hybrid schedule as follows: **Academics – PM classes only (Vanguard Tech Center), Engineering Technologies & Robotics - PM lab only (Vanguard Tech Center), Public Safety – PM lab only (Sentinel CTC)**

- Monday's Group 1 on campus, Group 2 distance learning
- Tuesday's Group 1 on campus, Group 2 distance learning
- Wednesday's Groups 1 & 2 distance learning
- Thursday's Group 2 on campus, Group 1 distance learning
- Friday's Group 2 on campus, Group 1 distance learning

This will be the schedule until further notice. However, we will continue to monitor numbers and safety protocols and make adjustments as needed. As long as we all stay committed to following the health and safety protocols, we are confident a healthy and safe environment can be maintained.

If Sandusky or Seneca County goes to a level Red, we will go back to the hybrid schedule for all programs to reduce student capacity to 50% and run the Group 1 & 2 schedules on specific days. Again, as a reminder VSCTC will not go to a 100% remote environment unless mandated by the state.

Thank you for your continued support and we look forward to continuing to provide the highest quality career technical education. Have a safe Labor Day weekend.
