

The Vanguard Sentinel Aspire Program

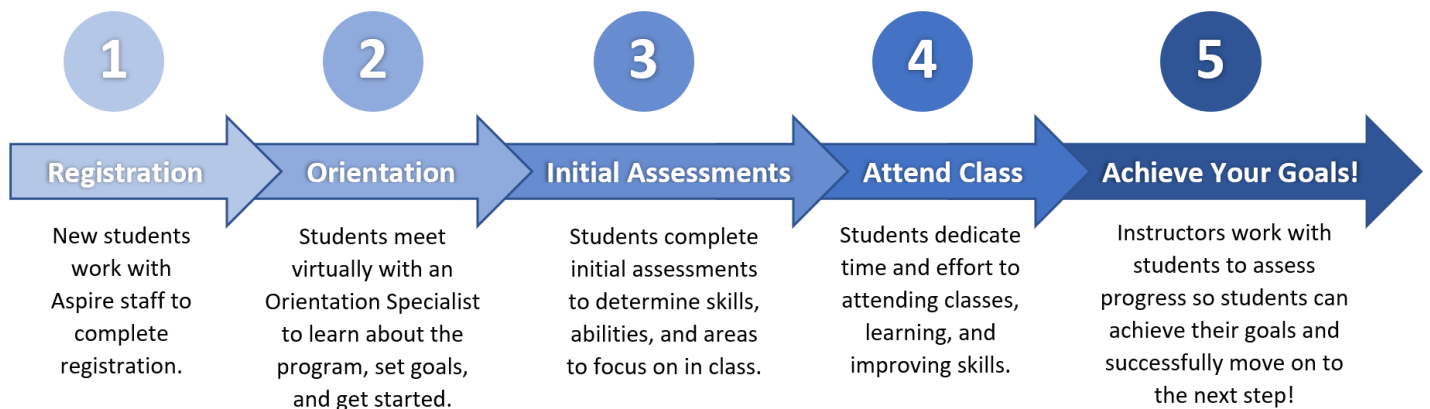

The Vanguard Sentinel Aspire Program provides free adult education classes focused on helping students improve reading, math, writing, and basic skills.

Classes also focus on career preparation and advancing technology skills. Aspire classes are available for adults interested in obtaining a GED or preparing for college, an apprenticeship, a certificate training program, or additional workforce training. We are prepared to help adult learners improve their academic skills and create a pathway to a better future.

Several of our classes in Ottawa, Sandusky, and Seneca counties have temporarily moved to virtual platforms due to the COVID-19 Pandemic. We currently offer registration, orientation, and classes online for students who have smart device and internet connection. In-person classes are available at select locations for individuals who are unable to participate in virtual learning or who prefer to learn in a classroom setting.

Contact us to learn more about getting started with the Aspire Program. We look forward to helping you achieve your goals!
