Department/Group:	Production	Location	Fremont, OH
Level/Salary Range:	\$24-\$34/hour	Position Type:	Full-Time
Job Description			
ROLE AND RESPONSIBILITIES			
<p>Be part of a growing and innovative industry and organization that provides decorated cans and can supplies across the nation. We strive to honor our customer's brand by ensuring their design emerges as envisioned on the outside of the can, while safeguarding the taste and feel of the beverage.</p> <p>In this key role, our Digital Print Operator & Technician will efficiently operate and maintain our Velox printer and automation machinery. This position is responsible for training print operators for each shift to successfully produce and deliver 150 million quality cans annually. Lagersmith will run 3 shifts, 24x5.</p>			
Responsibilities:			
<ul style="list-style-type: none">• Operate high-speed digital can press according to specified criteria and processes.• Print to proof targets, ensuring consistent accuracy and alignment to match customer specifications.• Maintain optimal print output to precise quality standards, conducting regular checks to ensure color fidelity and print clarity.• Complete and maintain documentation as per workflow process, ensuring accurate records are maintained.• Effectively train print operators to produce 150 million cans that meet customer and company specifications.• Perform and/or assist with daily preventative maintenance (PM) tasks as required.• Monitor and maintain ink levels, ensuring sufficient supply to prevent downtime.• Maintain a clean and organized workspace, adhering to safety and operational standards.			
QUALIFICATIONS AND EDUCATION REQUIREMENTS			
<ul style="list-style-type: none">• Minimum of 2 years of experience with digital print equipment, particularly in high-speed environments.• Highly skilled working knowledge of color management, with the ability to adjust and maintain color consistency across print jobs.• Strong mechanical aptitude, capable of troubleshooting and resolving issues with printing equipment.• IT knowledge and proficiency to operate and troubleshoot digital print software and hardware.• Ability to troubleshoot and make sound decisions quickly in a fast-paced environment.• Above-average analytical skills to assess print quality and make necessary adjustments.• Excellent written and verbal communication skills to effectively document processes and collaborate with team members.
