

## **Job Description: Machinist / Programmer – CNC Lathe and Mill**

Cutting Edge Manufacturing, LLC. is a modern Custom Machining and Fabrication Shop located in Fremont, Ohio. We are expanding our capabilities at Cutting Edge and are looking for a skilled, experienced Machinist to join our team. You will find our shop is clean, organized, and has well-maintained modern equipment. We will supply you with the proper tools you need to complete our jobs. This is a full-time, day shift position. If you have experience with blueprint reading, precision measuring tools, CNC Lathes/ Mills and Manual Machining equipment, this is the job for you. Some of our equipment includes: Haas, Milltronics, Dyapath, and Prototrak knee mills. Cutting Edge Manufacturing provides excellent pay based on your experience, and a generous benefits package. Come check us out by applying today! We are hiring immediately.

### **Core Responsibilities:**

- Ability to use and accurately read precision measuring tools.
- Interpret engineering drawings, blueprints, sketches, and verbal instructions to meet specifications and tolerances in an efficient manner.
- Ability to set up, edit/program, and perform simple to complex machining operations to produce machined components in a variety of metals.
- Be detail-oriented, have good communication skills, and a willingness to work together as a team member.
- Possess personal organizational skills, maintain standard machining procedures, keep a neat and organized work area, and keep accurate time entry.
- Have the ability and willingness to work flexible hours and overtime on an as needed basis, involving extra hours during the week, and occasionally Saturdays and Sundays.
- Be punctual, safety conscious, cooperate well with co-workers and supervisors, have a good attitude, and maintain a professional appearance.
- Have the ability to commute to and from work, a valid driver's license, and your own tools.
- Other duties as assigned by management.

### **Preferred Requirements:**

- High School Diploma or GED equivalent
- Basic computer skills and good math skills

- Experience with Fusion 360 programming software or equivalent preferred.
- Must have at least 3-5 years of experience running Haas CNC Mill & Lathe, Milltronics Mills, Dynapath Lathe, Prototrak, and Manual Machines.

**Physical Requirements:**

- Ability to stand for an 8-10 hour shift.
- Ability to lift, bend, reach, stretch, push, pull, kneel, and climb.
- Ability to lift up to 50 pounds.
- Manual dexterity and fine motor skills to handle small parts/components when needed.
- Ability to write and log data into the computer.
- Ability to read blueprints and job traveler instructions.

**Benefits**

- Competitive Salary
- Excellent Medical Insurance
- Dental and Vision Insurance
- Disability Insurance and Life Insurance
- Paid Vacation and Holidays
- 401(k) Plan with Partial Company Match
- Profit-Sharing Incentive

**Job Type: Full-time, Hourly / FLSA Status: Non-exempt**

Pay: \$25.00 - \$33.00 per hour, based on experience.

Schedule:

- 8-10 Hours, Day Shift, Monday – Friday
- Day Shift: Between the hours of 5:00 AM-3:30 PM
- Overtime during the week, and occasionally work a Saturday

Work Location:

- Fremont, OH, 98% On-site, travel occasionally to local customers
